	MH-1 being installed near the parking Lot. Piping connects MH-1, MH-2 to the Headwall in the ditch along Keefe's Landing Rd
	CBMH-1 Being installed in Parking Lot Rainwater and surface runoff from the parking lot area will be collected in this catch basin and drained to the ditch along Keefe's Landing Rd.
	Piping from CBMH-1 A hole is drilled at the correct elevation in the wall of the concrete structure, later the pipe is sealed to the structure using grout and covered with compacted sand and dirt.

More surprises during careful excavation. Power and an empty conduit to supply the Diesel pumps at the bus lane.

Demolition Continues in the classrooms on the S side of the expansion.

Demolition crew working faster than the waste management company could provide waste bins. Demolition almost complete on the N Side
